

Full Synthetic 10W40 Next (SYNNXT10W40)

Nulon NEXT Full Synthetic 10W-40 Engine Oil has been formulated to provide maximum performance and protection for a wide range of vehicles where a 10W-40 engine oil is specified. The advanced formulation protects from cold-start to high operating temperatures and is suitable for all Australian, Japanese, US and European naturally aspirated and turbocharged petrol, diesel and LPG engines.

Benefits

- Suits modern petrol, light duty diesel and LPG engines
- Enhanced protection for vehicles using E10, E85 and LPG fuels
- Prevents sludge formation
- Provides excellent engine cleanliness
- Improved stability and performance over Semi-Synthetic & Mineral Engine Oils

Caution

CAUTION: Avoid skin contact with used oil. Wear suitable gloves. If skin contact occurs, wash immediately with soap and water. Avoid prolonged and repeated contact with used oil. Protect the environment. Do not pollute drains, ground or water with used oil. Dispose of container as per EPA guidelines. Do not use this container for fuel or solvents.

Meets or exceeds the following oil industry specifications

American Petroleum Institute	API SN, API CF
