

Full Synthetic Multi-Vehicle Automatic Transmission Fluid Low Viscosity

Nulon Full Synthetic Multi-Vehicle Low Viscosity Automatic Transmission Fluid is formulated with advanced additives to help prevent the major causes of transmission breakdown and assist in extending transmission life. The advanced formula delivers superior friction stability to maintain smooth shifting and an ultra high strength oil film to prevent metal on metal contact between rotating parts.

Benefits

- Full Synthetic high performance formula
- Low Viscosity formulation engineered for the latest technology automatic transmissions
- Suitable for a wide range of transmissions

NOTE: Not suitable for applications requiring a standard or high viscosity automatic transmission fluid. See vehicle handbook for fluid recommendations.

Typical Properties

Typical Properties:

KV @ 100°C, cSt	6.00
KV @ 40°C, cSt	29.70
Viscosity Index	154
Density @ 15°C g/mL	0.8487
Brookfield Viscosity @ -40°C, mPas	10600

Due to continued product research and development the information contained in this Product Bulletin is subject to change without notification.

Caution

CAUTION: Avoid skin contact with used oils. Wear suitable gloves. If skin contact occurs, wash immediately with soap and water. Avoid prolonged and repeated contact with used oil. Protect the environment. Do not pollute drains, ground or water with used engine oils. Dispose of container as per EPA guidelines. Do not use this container for fuel or solvents.

Meets or exceeds the following oil industry specifications	
Audi/VW	G 055 005, G 055 540
BMW/Mini	83 22 0 142 516, 83 22 0 397 114, 83 22 2 289 720
Ford	Mercon LV
GM Claims	Dexron VI
Honda	DW-1
Hyundai/Kia	SP-IV, SPH-IV
JASO	1A LV
Madza	FZ
Mercedes Benz	MB 236.12, MB 236.14, MB 236.15, MB 236.41
Mitsubishi	ATF-J3, ATF-PA
Nissan	Matic S
Toyota/Lexus	WS
ZF	Lifeguard 6, Lifeguard 8
