- Ensures total **anti-corrosion** protection for the entire cooling system
- No Supplemental Coolant Additive (SCA's) top-up required during life of coolant
- Exceeds Australian AS 2108-2004 Type A standard, plus international and national vehicle industry standards (see below)

Directions for use

DIRECTIONS AS TOP UP

Add as top-up to existing coolant, then start the engine and turn the heater on. When the engine is warm, turn it off and allow it to cool. Check the coolant level, and top it up if necessary.

WARNING:

Never mix coolants from different manufacturers. DO NOT mix Nulon HD Diesel Coolant with green, red or blue coolant.

Safety Direction / First Aid

SAFETY DIRECTION: : Harmful if swallowed. DO NOT SWALLOW. Keep out of reach of children. Not to be used as a food container. If spilt on paintwork, wash off immediately with water. To protect the environment, dispose of used coolant in a safe manner or as advised by the Environmental Protection Agency.

FIRST AID: If poisoning occurs contact a doctor or the Poisons Information Centre in Australia 131 126 or New Zealand 0800 764 766. If swallowed, do NOT induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with running water. If skin contact occurs, flush with running water.

Meets or exceeds the following oil industry specifications
