

Industrial General Purpose NLGI 2 Lithium Grease (GPIG)

Nulon Industrial General Purpose Grease is a water resistant extreme pressure formulation designed to protect moving parts from shock loads reducing scuffing and wear. Recommended for use in applications subject to rust or corrosive conditions where an extended service life is required.

Benefits:

- Multi-purpose
- Prevents rust and corrosion
- Extreme water resistance
- High shear stability
- Super tacky adhesion
- Resists squeeze out

Pack Sizes

Part No: GPIG-C
450 g cartridge - 9 per carton
Barcode: 9311090006485
