

Petrol Engine Premium Mineral Top-Up Oil (PPMTU)

As vehicles age an increase in oil consumption can be a common issue between oil change intervals.

Nulon Premium Mineral Top-Up Oil with Stop Leak technology, has been formulated to minimise oil loss for early model and higher kilometre petrol vehicles.

Benefits

- Compatible with all brands and types of Mineral engine oils
- Contains Nulon Stop Leak to minimise oil loss
- Suitable for petrol vehicles requiring the following viscosities:
 - » 10W-30
 - » 15W-40

Directions for use

DIRECTIONS FOR USE: Add Nulon Top-Up engine oil to your engine when a top-up is required. Follow your vehicle's owners manual for instructions. This product is designed for use in top-up applications between recommended oil change intervals.

Caution

CAUTION: Avoid skin contact with used oils. Wear suitable gloves. If skin contact occurs, wash immediately with soap and water. Protect the environment. Do not pollute drains, ground or water with used engine. Do not reuse this container.

FIRST AID: For advice contact a Poisons Information Centre (Phone: Australia 131 126; New Zealand 0800 764 766) or doctor (at once).
