

Pro-Strength Brakeclean (BRAKE400)

Nulon Pro-Strength Brakeclean is a professional strength product that safely removes brake fluid, grease, oil and other contaminants from all brake components.

Nulon Pro-Strength Brakeclean has been specifically formulated to quickly and aggressively dissolve and dislodge all contaminants common to brake components. Even encrusted residue that has accumulated over a long period of use is readily dissolved and flushed away, leaving surfaces clean, dry and ready for further work.

Applications

- Brake linings
- Brake drums
- Springs
- Clutch plates
- Disc brake pads
- Wheel cylinders
- To help eliminate brake squeal
- To clean starter switches
- To clean electric motors
- To remove disc brake sealer

Note: If sprayed on car paint, wash off immediately. This product will cause paint streaking.

New Formulation Brakeclean is out now!!! It cleans more effectively, lasts longer and has 10% more ingredients.

Directions

To remove brake fluid, brake dust, grease, oil and other contaminants, spray parts liberally with Nulon Brakeclean and allow to run off. Allow to air dry or wipe off. Repeat application may be necessary. Protect rubber brake parts and painted surfaces from over-spray.
